Customer Reviews

This book is a really neat gift for someone who might be planning a honeymoon, or even as a wedding gift for anniversary trip ideas. There's not a lot of information on each destination, but it gives you enough to get you intrigued to look more or to cross off your list. I love how the destinations are broken up into categories like "Cosmopolitan, Adventure, Exotic, Luxurious..." My fiance and I have already planned our honeymoon, but this book is now our go-to for each year's vacation!

This book was helpful as my husband and I were trying to determine where we wanted to go on our honeymoon. Lots of great ideas for all budgets which was great! We will be hanging on to it even though we already went on vacation just so we can have more ideas!

I got this as a little gift to my fiancée, and she loved it! It is short and cute, much more of a memento than an actual travel guide or anything, but a cute gift nonetheless.
