Non-Adhesive Binding, Vol. 2: 1- 2- & 3-Section Sewings

Synopsis

This is Volume II of Non-Adhesive Binding. There are 5 books in the series. .com has always listed all 5, but somehow, you have dropped Volume II from your list. I have received emails from prospective customers that says Volume II is out of print. No, all 9 of my titles are in print. Thank you. Keith keith@keithsmithbooks.com Vendor# SMIKE

So good you want to marry this book !The volume 1 is kind of boring with long descriptions and poems and so on....lolBut this second volum is filled with new stichs to all your bookbinding needs and you will just want to start making books.It's a great combination with volum 5.The others you can buy them...or not....lol

I absolutely love this book and go back to it time and again. It has excellent instructions and diagrams and some truly inspiring binding styles.

This book is exactly what I wanted! It is a marvelous introduction to bookbinding!Keith A Smith writes clearly for beginners and experts alike.

this is a great guide to book binding i have already done a few projects and the way the instructions are set out it is very easy to follow

Very helpful...well written...clear and concise instructions for leather-bound journals...many variations discussed and illustrated

This book may not be the prettiest, but it is PACKED with information. A must have for book binders. Every volume is worth having.

An excellent book. I've used this for personal instruction, and as a text when teaching others.
