Collection and Appreciation of Paintings and Calligraphies: Collection history of Chinese ancient  
artwork has a long history, which begins at the three dynasties (Dynasties Xia, Shan and Zhou),  
becomes prosperous in Dynasties Tang and Song and has his most prosperous times at Dynasties  
Ming and Qing. Influenced by the custom, it develops its power at present times. Chinese traditional  
paintings and calligraphies have higher values of viewing, cultural relics, history and market, so they  
are favored by collectors in the market and become hot topics at the current artwork market.
